DETAILED ACTION

Claim Objections

1. Claim 13 is objected to because of the following informalities: claim 12, line 7, the term "fro" should be "for". Claim 4 should be dependent on claim 1 instead of dependent on canceled claim 2. Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 33 recites the limitation "said record" in line 10. There is insufficient antecedent basis for this limitation in the claim. It is unclear what record the claim refers to. It seems that claim 34 with definition of the term "record" should have been incorporated into claim 34 for correction of insufficient antecedent basis problem.
4. Claim 38 recites the limitation "said record" in line 12. There is insufficient antecedent basis for this limitation in the claim. It is unclear what record the claim refers to. It seems that claim 38 with definition of the term "record" should have been incorporated into claim 38 for correction of insufficient antecedent basis problem.

Appropriate correction is required.

Claim Rejections - 35 USC § 101

5. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

6. Claims 13, 14, 16-30 and 32 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The claims are system claims. However, the service location manager recited in the claim bodies is best understood as a software module for carrying out steps, given that no explicit hardware embodiments of the module can be found in the specifications, also fig. 2 describing a service location manager as software, and page 8 defines a service location manager as a logical entity. Therefore, the claims are directed to non-statutory subject matter. Correction is required.

Response to Arguments

7. There is no art rejection. Claims 1, 5-9 and 11-12 are allowable over prior art of record. Claims 4, 13-14, 16-30, 32-34, 36-39 and 41 would be allowable if rewritten or amended to overcome the claim objection and rejection(s) under 35 U.S.C. 112, 2nd paragraph and under 35 U.S.C. 101, set forth in this Office action.

8. A SHORTENED STATUTORY PERIOD FOR RESPONSE TO THIS ACTION IS SET TO EXPIRE THREE MONTHS FROM THE MAILING DATE OF THIS COMMUNICATION. FAILURE TO RESPOND WITHIN THE PERIOD FOR RESPONSE WILL CAUSE THE APPLICATION TO BECOME ABANDONED (35 U.S.C. § 133). EXTENSIONS OF TIME MAY BE OBTAINED UNDER THE PROVISIONS OF 37 CAR 1.136(A).

9. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Philip Tran whose telephone number is (571) 272-3991.
